Noëlle Mathis focuses on providing comprehensive tax advice to companies. Thanks to her many years of professional experience, she is a proven expert in corporate and international tax law in particular. Her area of expertise also includes tax accounting and reporting, as well as interim assignments as a tax manager in corporate tax departments.

In addition, she advises on the structuring and ongoing tax support of collective investment schemes and real estate funds, as well as on real estate transactions. She also assists private individuals with a wide range of tax issues, particularly in cross-border matters.
